GLOVERSVILLE PUBLIC LIBRARY NOTES TO FINANCIAL STATEMENTS FISCAL YEAR ENDING JUNE 30, 2018

- 1. Investment Income was up approximately \$440 from the budgeted amount for the year ended June 30, 2018. The higher investment income was primarily due to the return on our Unemployment Reserve Savings Account. The continued low interest rates on Money Market Accounts and other investment alternatives available for Municipal deposits have made earnings on available funds a very small part of the Library's income budget. The Library can only invest in Bank Deposit accounts and securities issued by the Federal Government. Interest and Dividends received from the Gloversville Library Foundation, Inc. was up \$50,000 from the budgeted amount for the year ended June 30, 2018 and the fiscal year ended June 30, 2017. The Foundation agreed in June 2018 to give the Library an additional \$50,000 to help cover cash flow needs. Dividend and interest income earned by the Foundation in excess of the budgeted amount has been retained by the Foundation for financing use for the Building Renovation Project.
- 2. Donations for the year ended June 30, 2018 were approximately \$4,600 above the budgeted amount for the year but down approximately \$900 from the previous year. Donations to the Library are generally often made in memory of a deceased friend or family member or in honor of a birthday or anniversary. This line item is estimated based on prior year's experience and can vary significantly from year to year. Donations in the past couple of years have also been focused more on the Capital Campaign than the Library Budget line item.
- 3. Government Affiliation income was above the budgeted amount by approximately \$1,300 due primarily to New York State increasing state aid for libraries and the Library receiving some City of Gloversville Pilot Program income. Affiliation Income was up from the prior year by approximately \$100 due to the same reasons noted above.
- 4. Fines and Miscellaneous Income decreased by approximately \$1,100 from the budgeted amount for the year ended June 30, 2018. Lower circulation in the temporary location contributed to this decline. Also the Polaris system now offers text or email reminders about upcoming due dates for returning items to the Library resulting in fewer late items. Fines and Miscellaneous Income decreased approximately \$4,800 from the prior year ended June 30, 2017 due primarily to the garage sale in the prior year related to the move to the temporary location.
- 5. Total Salary Expense was below budget by approximately \$35,300 primarily due to lower than planned part time employees in connection with the move from the Library Building to the temporary space during the Renovation project. Total Salary Expense was up approximately \$14,800 from the year ending June 30, 2017 due primarily to a cost of living adjustment given to the employees in the fiscal year ending June 30, 2018.
- 6. FICA and Medicare Tax Expense was under budget by approximately \$2,900 due to the lower salary expense. FICA and Medicare Tax Expense was approximately \$1,100 higher than last year due to the increase in salaries for the reasons described above.
- 7. Medical Insurance Expense was under budget by approximately \$14,600 primarily as a result of the full time staff not using all of their reimbursement account balances and not all eligible full time staff electing to be covered under the Library's Medical Insurance. When preparing the 2017-2018 Budget the assumption was made that 5 of the 6 eligible full time employees would elect to be covered under the Library's medical insurance plan. During the year only 4 elected to be covered under the Library's plan. Medical Insurance Expense was over last year by approximately \$1,600 due primarily to a rate increase for the employees covered under the plan.
- 8. Pension Expense was under budget by approximately \$1,800 due primarily to the difference in market values from year to year in the New York State Pension Plan in which the Library participates. Pension Expense was also higher than the previous year by approximately \$1,200 based on additional credited time in the Plan of participating employees.
- 9. Utility Expense (Heat and Electricity) and Rent Expense were both the same as Plan since all utilities were covered under a reimbursement plan with the General Contractor. The budget contained \$25,000 for rent for the temporary space with the balance of the rent expense being absorbed by the Building Fund. The Rent Expense also was to include the absence of snow removal which the contractors would be taking care of during construction.

- 10. Insurance Expense was below the June 30, 2018 budgeted amount by approximately \$1,400. Insurance Expense increased by approximately \$1,000 from the prior year due primarily to rate increases.
- 11. Books & Periodicals Expense was under budget by approximately \$1,600 due primarily to not spending all of the various department allotments with the move to the temporary location. Books and Periodicals Expense decreased by approximately \$800 from the prior year due primarily to the same reason noted above.
- 12. Computer and Automation Expense was under budget by approximately \$5,800 due primarily to the cost of new computers being categorized as fixed assets. The amount paid for new computers and accessories during the fiscal yet ending June 30, 2018 was approximately \$8,000. Computer and Automation Expense for the year ending June 30, 2018 was under last year by approximately \$7,900 due to new computers purchase and expensed last year for the Children's Room.
- 13. Library, Building & Office Supply Expense was under budget by approximately \$2,100 primarily due to fewer building supplies purchased due to less square footage to maintain. This year's expense was under last year by approximately \$2,600 due to the cut back in purchasing from last year in anticipation of moving back into the Library Building and the fewer Building Supplies needed in the current year as noted above.
- 14. Maintenance and Repairs Expense was under budget by approximately \$2,300 due primarily to being out of the Library Building for the year. Maintenance and Repairs was also under last year by approximately \$10,700 due to no snow removal in the current year or any other repairs to the Library Building.
- 15. Professional Fee Expense was over budget by approximately \$2,400 due to additional audit fees related to the Building Project and the new pension calculations for GASB 68. This expense category was also over last year's by approximately \$800 due to the same reason noted above.
- 16. Events and Programming Expense was over budget by approximately \$900 due primarily to additional programs and supplies purchased for the events at the Library. Events and Programming Expense was under last year by approximately \$1,200 as fewer programs were planned in the Library's temporary location.
- 17. Promotion Expense was over budget by approximately \$400 due to spending more than anticipated on advertising the Library's various programs and with keeping the Library in the forefront with the Renovation Project. Promotion Expense was also over last year by approximately \$300 due to the reasons noted above.
- 18. General Expense was under budget by approximately \$1,100 this year due primarily to lower Collection Fees with the help of the Polaris notification system noted above. General Expense was also under last year by approximately \$2,700 due to the spending last year of some of the Restoration Funds from the Garage Sale money being held for this purpose.

RENOVATION

The Carnegie building renovation project really took off during the year.

As with any project of this size there have been hiccups and challenges but the contractors have been fantastic

group, and their workmanship and care for the building has been exceptional.

The Library will close October 15, 2018 to move and will reopen on November 4th. A reopening ceremony will take place on Sunday, November 11th.

SERVICES AND PROGRAMS

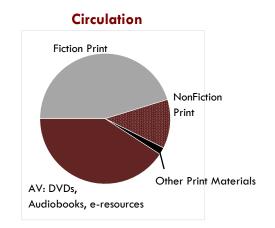

- The Library had a strong programming year. Over 6,500 patrons attended more than 575 programs.
- The summer program theme was "Build a Better World." Over 850 patrons enjoyed 68 programs during July and August. Highlights included the new, award winning traveling storytime, gingerbread cottage building, a mosaic tile trivet class, and a community project of knitting caps for chemotherapy patients at Nathan Littauer Hospital.
- The Library partnered with the Fulton Montgomery Regional Chamber of Commerce to host "Local Inspirations," an art show to showcase the talent of library patrons. Over 80 pieces were submitted by 35 artists.
- The trustees launched an advocacy/outreach campaign and held focus groups for developing the new plan of service. Trustees, staff and volunteers spoke to 1,658 people at 33 events.
- 40 community partners worked with the Library to provide programs and information.
- Visitor counts were down slightly and circulation was down overall in every category except e-resources. Interlibrary loan, both items received and sent were up.
- Computer use, including the wireless, was down. The staff answered over 700 technology questions.
- The Library moved to temporary quarters at the end of the 2016-17 year and the lower visitor, circulation and computer use statistics coincide with that move. Each dropped with the move and then stabilized at the lower levels.
- We welcomed three new staff members, Kathy VanValkenburg, Sally Ostrander and Christine Prokopiak.
